Swell Events presents:

“ILLUMINATION DANCE COMPANY” PROGRAM AD FORM

Since 2011, Illumination Dance Company (IDC) has provided a professional performance opportunity for 50+ young performers each year in Clark County. Our performance program is an opportunity for business owners in Clark County to place an advertisement seen by up to 1500 individuals within a weekend of three IDC performances. Each dollar that is collected from our shows directly funds Swell Events performing arts education scholarships and the IDC experience. Swell Events has provided in excess of \$30,000.00 for performing arts scholarships to families in critical financial situations, over the past several years, thanks to those who support the IDC performance experience, through ads & ticket purchases.

By purchasing an ad, you will help financially support our project now and in the future. With many options available, we hope you will take this opportunity to purchase an advertisement for your business and be a proud sponsor of Swell Events and Illumination Dance Company for the betterment of the youth and arts education experiences in Clark County.
